

BIGAMY AND MURDER. Doctor Alexander Lager, of New Orleans, charged with the crime of bigamy, was arrested recently by order of the Judge of the criminal court, on the affidavit of Louis Beauvais, a lady he had married in New Orleans, though he was already married in France, it is said. Several witnesses deposed against him. Unable to find bail for five thousand dollars, on his return to jail he was prostrated by a shot fired at him by a young man standing close by him. A pistol ball entered his forehead, and he was mortally wounded. The young man, cool and composed, never attempted to escape, and was apprehended. He is the only son of the unfortunate lady who was deceived by the Doctor.

A Dose.—A fine, open hearted man who was on a committee to raise money for the celebration of a great holiday, asked a physician if he would not give something for the common cause. The Doctor answered, "Oh, most certainly, with all my heart."

The committee man, overjoyed at the offer, eagerly asked the Doctor the amount of his intended donation. "Oh," replied he, "I shall not stand about the amount. I will give you all a good dose of jail, the day after the spree."—*Portland Chron.*

Short Rules.—Never pick your teeth, hawk, spit, or blow your nose at table. These practices are shocking and revolting to persons not conversant with you. If you use a handkerchief at all, use it as secretly as possible, and without noise. Keep your fingers out of your nose, at all times.

Never rise from table to spit, and never spit on a carpet, a clean floor, or into a clean chimney, when there is no fire. Go to the outside door, and degorge, if you must.

Never help yourself at table, but call on the carver of the dish, or the lady who helps, after the dish is carved.

The Norwich, Ct. Aurora, relates a curious circumstance, consisting of the following facts: A poorly dressed man entered one of the churches of that city a few Sabbaths ago, when one of the congregation directed him into the gallery for a seat. A few moments after a well-dressed stranger entered and he was invited by the same individual to a seat at the head of his pew on the broad side. In a few minutes the services were commenced, and the clergyman read from the second chapter of James: "For if there come into your assembly a man with a gold ring, in goodly apparel, and there come in also a poor man in vile raiment, and ye have respect for him that weareth the gay clothing, and say unto him sit thou here in a good place, and say to the poor, stand thou here, or sit here under my footstool." &c.

Eggs.—We have had the pleasure of seeing a very fair and beautiful specimen of the Labrador egg manufactory. A vessel entered the harbor yesterday having on board about eight hogheads, perhaps 15 or 16 hundred dozen eggs, made by a species of bird called the *Marek* or sea duck, (we don't know how to spell the bird), that has from time immemorial monopolized the business of egg making on the Labrador coast. The eggs are of the size of a large turkey or goose egg, in the shape of a ball pear, and of all the colors that can be found among the best patterns of calicoes.—They are stowed in the hold of the vessel like common stone ballast, and are selling off rapidly at a moderate price. The liberality in the size of eggs reminded us of the following conversation which took place a short time since with seller of hens eggs:

"Miser, it seems to me your eggs are smaller than they used to be." "Small—damn it, every thing is small now a days. We must cut the cost according to the cloth. My wife says her hens cannot afford to discount large eggs under the present administration, and has accordingly ordered them to put the same material into two, which under previous administrations they shelled up in one."—*Portland Ad.*

Inspection of brides in Moscow.—The following is a description of the fete of the inspection of brides in Moscow:—"The young men who wish to take a wife, range themselves in two lines on the two side walks of the public promenade, and for five or six hours they see, fling off before them as at a review, the young girls dressed in their finest apparel, and shining with their natural graces, and the brilliancy of diamonds mingled with flowers. The day following negotiations are opened with the parents of the young girls that had been marked."

1836.

Summer Arrangement.

On Monday, the 4th of July, the Franklin and Winsor will leave Whitehall and St. John's, at TEN o'clock, A. M.; and will continue to leave at that hour until Monday the 5th day of September, when they will again leave the above mentioned places at ONE o'clock, P. M. the remainder of the season.

PASGROUN & BAINEMAID.

NOTICE

To the inhabitants of Burlington & Vicinity.

THE undersigned has rented the store formerly occupied by Wm. Wells, and the last year by David Irish, where he is now receiving from New York a general assortment of **DRY GOODS, WET and DRY GROCERIES, CROCKERY, GLASS and HARD WARE**, which he will sell for cash or most kinds of country produce as cheap as the cheapest.

He takes this opportunity to thank the public for the general support he has received for the short time he has been in business, and he hopes, by giving good bargains and paying strict attention to business, still to receive the same general support.

SOLOMON WALKER.

Burlington, May 21, 1836.

Life Insurance Company.

THE subscriber continues to insure all kinds of real and personal property as agent for said Company, to whom application may at all times be made at his Office in Burlington. The established reputation of this Company for stability, fairness and liberality in their dealings, needs no further commendation.

Wm. A. Griswold.

Burlington, April 6, 1836.

Rotary Stoves.

THE subscriber has just received from the Foundry of J. D. Ward, Vergennes, No. 2 and 3.

Rotary Cooking Stoves & Trimmings; Box do. Coldron Kettles, Ploughs, &c. &c.

which are offered for sale for cash or approved credit.

P. S. He wishes to call the attention of the economical, to the fuel and labor-saving properties of the *Rotary Stove*, and its peculiar adaptation as a *Summer Cooking Stove*. By the use of the grate, a very small amount of fuel is required for the culinary operations of any family; less by one half, it is believed, than is required by any other Stove in use. Its form and height is such that it admits of being placed in the fire places of ordinary kitchens, so that most of the heat and effluvia from it passes off by the chimney. The saving of fuel effected by the Improved Rotary, in one year, over that of almost any other Cooking Stove, is fully equal to its cost, besides the superior facility and care with which the several culinary operations are performed with it.

Also, Tea and Marlin Kettles of various sizes, cast expressly for this Stove.

GEO. PETERSON.

Burlington, March 31, 1836.

June 16.

DOCT. WHICHER.

FORMERLY from Dover, N. H., takes this opportunity to inform his friends and the public that he has opened a *Botanic Infirmary* at the Green Mountain House, in Pearl street, Burlington, Vermont, where he has fitted up rooms for the accommodation of the sick and infirm, and will practice in strict conformity to the system of Doct. Samuel Thomson, of Boston, who has now become so celebrated, not only in the United States, but in Europe. "The Thomsonian System" has not only received the entire approbation of all who have tried its merits, but it has also received the unqualified approbation of many of the regular Practitioners. Doct. W. would beg leave to say to strangers, in regard to his qualifications, that he has spent three years diligently studying the principles of his profession, with Doct. Thomson and other distinguished practitioners that he has visited all the Infirmarys in New England, and can confidently offer himself to the public as well qualified to administer to the diseases of the sick, so far as preparatory studies and the best advantages for information, will enable him to do.

Mrs. Whicher having been at great pains to acquire information in Botanic practice, and having had two years experience in the profession with her husband, will take charge of the female department of the Infirmary.

Doct. W. in addition, would beg leave to report a number of cures performed under his own hand. First, the cure of William Walker of Franklin, N. H., who was entirely cured of the Rheumatism and Strangury in their worst stages, in the course of twelve days, after baffling the skill of all the learned doctors in the country.

Second, the cure of Robert Sully, cured of a bad eye, in five days, after having been deprived of his sight for a very considerable time.

Third, the cure of Fidelelta Elkins of Northfield, N. H., deprived of her reason seven years, was restored to it again after a treatment of eighteen days, and to perfect bodily health.

Fourth, the cure of Adeline Ham, had eyes for six years, exceedingly sore—entirely cured in five days.

Fifth, the cure of Martha Scrutin, scrofulous neck, supposed to be Kings-Evil—cured in five days.

Sixth, the cure of Mr. Maro. This was a case of Asthma, which had continued one year and was cured in four days.

Seventh, the cure of Shil Watton, was a case of Dyspepsia, Rheumatism and Croup—cured in eight days.

Eighth, the cure of Emedina Quimby, cured of Consumption, after having been given over by all the doctors in the place.

Cure of Jacob Sawyer of Dover, N. H., cured of Dropsy and Fever Sore, seventeen weeks standing, in four weeks.

The case of Amelia Whicher, after twenty years sickness of Dropsy, Dyspepsia and Paralytic shock, and of taking opium six years—was cured in twenty days.

Mr. W. has had two hundred patients and has given between four and five hundred courses for complaints of all descriptions, with entire success. Mr. W. is satisfied that his mode of treatment has all the beneficial effects of a visit to the springs—while it saves the patient in many cases, an enormous expense.

Mr. W. would inform his friends that he has on hand a complete assortment of Botanic Medicines, from the assortment of Doct. Samuel Thomson. That he has also family rights and Doct. Robinson's Bitters for sale.

N. B. Patients should always have a change of linen when they put themselves under his care.

KERN & EVANS

WE have just received from New York, their spring supply of goods, comprising a choice selection of **CLOTHS, CASSIMERES, VESTINGS, TRIMMINGS**, &c. which with their former stock, makes their assortment the best they have ever offered. And notwithstanding the present unparalleled high prices of goods in market, our arrangements are such that we shall still be enabled to furnish our customers with very superior articles at a small advance from former prices for prompt pay.

We will take the present occasion also, to correct an erroneous impression, that we sell only to those who employ us to make their garments. This is entirely a mistake. Much as it might gratify us to do our friends justice in the fit, as well as the fabric, we shall nevertheless be equally happy to furnish the materials for those who may find it more convenient to employ other mechanics.

Burlington, May 12, 1836.

PERSONS AFFLICTED WITH Corns!

WILL find in the use of the **ALBION CORN PLASTER**, one of the most efficacious remedies known for that trouble. Some complaint, as hundreds or thousands can, and are ready to testify, to its having answered a better purpose than any thing they had ever used. This application never causes the least pain, although it softens the Corn and draws it out by the root! It gives immediate ease as soon as applied, and is as thorough as it is gentle in its effects.

REMARKABLE CURES!

A gentleman near Greenfield writes—"It has cured a Corn, which for years had caused me inconceivable pain and trouble. (after trying various other remedies) and having received such relief myself, I advise all, however obstinate the complaint, to make trial of the Albion Corn Plaster, any I have no doubt they will soon be as ready to express their gratitude as I am."

An Agent, in writing for a further supply of the Albion Corn Plaster, observes—"I have made sale of all you sent me, and find the article to be all it professes to be, as those who have used it find it to prove the best article for corns they have ever met with. Price 50 cents a box, with directions."

THE BRITISH ANTISEPTIC Dextrifere.

RENDERS the teeth beautifully and permanently white, embellishes the enamel, removes the tartar arising from decayed teeth, usually termed off-nose breath, prevents their decay, and tooth ache, eradicates the source from the gums, and imparts a most desirable sweetness to the breath.

An experienced druggist pronounces this Tooth Powder one of the best he has ever met with, either Foreign or Domestic.

Price 50 cents.

Dr. Relfe's Pills for Females!

For Obstructions, Debility, Hypochondria, Green Sickness, Giddiness and Polypation of the Heart, Bad Digestion, Loathing of Food, and Pains of the Stomach. The pills purify and promote a brisk circulation of the blood, when become sluggish and obstructed from the foregoing disorders, revive the regular habits of the unhealthy female, whose sickly and pallid countenance becomes re-animated, and freshens with the natural glow of restored health. They are equally conducive to the health of married ladies, except in cases of pregnancy or Consumption, when they must not be taken. Price \$1.50 per box.

None are genuine unless signed T. KIDDER, on the wrapper, (sole proprietor and successor to Dr. COSWAY) by whom they are for sale at his counting room, No. 99 Court street, Boston, and by his special appointment, by J. & J. H. PECK & Co.

Important Information!

TO PERSONS AFFLICTED WITH THE FOLLOWING COMPLAINTS.

SCROFULA, Leprosy, Salt Rheum, St. Anthony's Fire, Fev. Sore, even when the bones are affected, White Swellings, Violent Eruptions after measles, Ulcers, when mere, has failed and all disorders arising from an impure state of the Blood and Humors—are assured that

DR. RELFE'S BOTANICAL DROPS continue unrivalled for the Prevention, Relief and Cure of those complaints. In proof of which read the following:

Remarkable cure of a case of 12 years standing. Extract of a letter. Sir—My leg which before did not look like a human limb is now entirely healed up. (after resisting every other application for 12 years!) Previous to taking your Relfe's Botanical Drops, I had given up all hope of relief.

Another Case. An agent writes—"There is a person taking the Botanical Drops, evidently with the greatest advantage." He declares, to use his own words, "It is doing wonders for him," and, as it were, "snatching him from the grave."

Numerous instances have occurred where persons were pining away a miserable existence, nothing they could procure affording them a permanent relief, until they had made use of the above invaluable Medicine.

They are also the best spring and autumnal physic. Price \$1, or 6 bottles for five dollars.
